

# Pupil premium strategy statement – Moorlands Primary School

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

## School overview

Detail	Data
Number of pupils in school	627
Proportion (%) of pupil premium eligible pupils	11.8%
Academic year/years that our current pupil premium strategy plan covers ( <b>3 year plans are recommended</b> )	2021-22, 2022-23, 2023-24
Date this statement was published	22.12.23
Date on which it will be reviewed	22.12.24
Statement authorised by	Amanda Denney Gary Laird
Pupil premium lead	Samantha Tough
Governor / Trustee lead	Gemma Dolan

## Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£110,362
Recovery premium funding allocation this academic year	£10,295
Pupil premium (and recovery premium*) funding carried forward from previous years ( <i>enter £0 if not applicable</i> )  <i>*Recovery premium received in academic year 2021 to 2022 can be carried forward to academic year 2022 to 2023. Recovery premium received in academic year 2022 to 2023 cannot be carried forward to 2023 to 2024.</i>	£0
<b>Total budget for this academic year</b>  <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£120,657

# Part A: Pupil premium strategy plan

## Statement of intent

The purpose of pupil premium funding received from the Government is to help pupils reach their full potential, regardless of their background or financial situation.

Pupils include those who:

- Are registered for Free School Meals
- Have been registered for free school meals at any point in the past 6 years
- Are or have previously been in care
- Have parents in the armed forces

**Our ultimate objective** for those children, eligible to receive this funding is for them to be provided with opportunities that will enhance their learning, life experiences and well-being so that there is no apparent difference between the attainment of those children who are 'disadvantaged' and those that are not.

**Our current pupil premium strategy** considers the guidance outlined by the Education Endowment Fund (EEF) and works towards achieving these objectives by ensuring that our school delivers high quality teaching, through the continued professional development and training of its staff. It provides targeted intervention through the employment of staff to deliver intervention were identified and provides opportunity for children to engage in activities that develop life-skills and nurture well-being.

**The key principles of our strategy are:**

- The school 'ring fences' the funding each academic year, ensuring that it is spent on initiatives that are proven to improve the outcomes of the identified group of pupils.
- The school recognises that eligibility for Pupil Premium does not imply low ability. Our focus is on supporting disadvantaged pupils in meeting their individual needs (academic/social and emotional) or interests to ensure they meet their full potential, aspiring to be their best self.
- All teachers know which pupils are eligible for Pupil Premium, so that they can take responsibility for their well-being and accelerating their progress.
- The school uses data and teacher assessment to analyse which pupils are underachieving and why this is occurring.
- The school frequently uses attainment data to assess the effectiveness of interventions. If necessary, adjustments are made throughout the intervention period to maximise effectiveness.

- The school draws upon evidence from our own and others' experience to allocate the funding to the activities which were most likely to have an impact on improving achievement.
- School leaders make the key decisions and regularly evaluate the effectiveness of interventions for individual pupils.
- For some eligible pupils, funding is used to support social and emotional needs where necessary and appropriate.
- Pupil premium funding may be used to ensure that eligible pupils are able to take part in visits/residential or other due to financial constraint.

Funding has been allocated to the employment and training of ETAs who are deployed to support children in their learning and well-being.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	More Pupil Premium children need to be meeting expected levels of progress through greater language acquisition in the early years, regular retrieval of learning- committing learning to memory, high quality interaction and early intervention in the classroom to prevent gaps developing in knowledge and learning.
2	Low social and emotional well-being across school due to the impact of COVID-19 or other circumstances beyond school. Low motivation and resilience noted particularly amongst Key Stage 2.
3	Pupil Premium children are not meeting expected levels of progress due to wider issues. Broken family structures including 14% of Pupil Premium Children receiving funding for being LAC or Post-LAC. Socio-economic disadvantage e.g. poverty. 76% of our Pupil Premium Children receive funding for living in a disadvantaged area. 7% of our Pupil Premium Children also have Special Educational Needs and Disabilities.
4	Low take up of Pupil Premium funding in KS1 due to universal free school meals therefore impacting on provision that can be made available for those eligible.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
The attainment of disadvantaged children will be in-line with non-disadvantaged children who have the same starting points.	Data will show that the levels of Pupil Premium children achieving Year Group Expectations will be the same as non-pupil premium pupils.
Emotional well-being and self-esteem of Pupil Premium children will be high.	<p>Pupils' attitudes to self, learning and school will be positive – evidenced from pupil questionnaires.</p> <p>It will be evident that PP pupils' will have made at least the expected progress.</p> <p>The number of sanctions given in class will have decreased.</p> <p>LAC and children with SEND are making progress.</p>
School to receive funding to support all children eligible for Pupil Premium funding through parents applying for universal free school meals particularly in Key Stage 1 where Universal Free School Meals apply.	All eligible children's parents apply for Free School Meals.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 50,676

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Talk boost sessions are being delivered to help develop language and communication development. Children are being immersed in early language both in and outdoors to run alongside the Floppy phonics, improving outcomes in reading and writing.</p> <p>To work closely with SENDCO to ensure early support is in place that supports children and staff in meeting need. Adoption of NELI.</p> <p>To ensure ETAs in class are having maximum impact on pupil's attainment through- Teachers and ETAs are given meeting time to discuss learning intentions, key vocabulary and understanding in the form of deployment</p>	<p>Recent EEF evaluation found that children eligible for free school meals made on average seven months' additional progress in their language ability, suggesting NELI could help close the language development gap between socio-economically disadvantaged children and their peers.</p> <p>The EEF's Making the best use of teaching assistants guidance report recommends that ETAs add value to what teachers do, not replace them and suggests that ETAs are more effective within the classroom, when better prepared. Therefore, both teachers and ETAs participate in weekly deployment meetings to discuss key learning planned for the week ahead.</p>	<p>1</p>

<p>meetings. (Embed phase)</p> <p>Training/staff meetings on effective interactions between ETA and pupils. Sharing of EEF Scaffolding model. (Embed phase -</p> <p>Teacher/ETA training on retrieval. Implementation of retrieval activities in every lesson. (Embed phase) Subject leaders to plan for retrieval ensuring progression across school.</p> <p>Teacher/ETA training on questioning to maximise effectiveness of teaching and learning. (Implement phase).</p>	<p>EEF identifies that teaching children how to learn and to become independent learners has also shown to maximise progress. The sharing of the model informs ETAs how best to approach a child when they are struggling without doing the learning for them.</p> <p>EEF recognises that retrieval strategies employed within the classroom can help commit learning to long term memory and therefore improve children's attainment.</p> <p>Both teachers and ETAs will receive training on how best to improve retrieval and encourage metacognitive behaviours.</p> <p>Rosenshine's principles of instruction suggests that effective questioning encourages children to be active learners, helps them deepen their understanding and develop their responses. Effective questioning can also assist a teacher to gauge them extent of learning within the classroom and inform them of where intervention needs to take place.</p>	
<p><i>Teacher/ETA training to include retrieval and metacognition to ensure pupil progress.</i></p>	<p>EEF recognises that retrieval strategies employed within the classroom can improve children's attainment. Teaching children how to learn and to become independent learners has also shown to maximise progress. Both teachers and ETAs will receive training on how best to improve retrieval and encourage metacognitive behaviours.</p>	<p>1</p>
<p>The employment of an Emotional Literacy Support Assistant.</p>	<p>It has been found that programmes that focus on enhancing emotional literacy improve academic</p>	<p>2</p>

	performance and behaviour (Carnwell & Baker, 2007).	
Emotion training for staff in school, to ensure understanding of children that have experienced early trauma and to acquire strategies to support them.	A study conducted by Bath Spa University (Janet Rose, 2015) suggested that emotion coaching can be used to generate a broad, consistent approach to supporting young children's behaviour. It encourages empathetic and thoughtful responses, promoting a nurturing and supportive environment that can build resilience in young people.	2

### Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ £ 57,915

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>ETA's and teaching staff are to run targeted interventions (evidenced backed) when data suggests that children are not on track to meet expectations or are not fulfilling full potential. This also includes requirements to meet needs of SEND.</p> <p>The area of intervention is currently under review and is in the explore phase. Members of the Senior Leadership have attended training relating to effective interventions.</p>	The EEF tiered approach suggests that targeted intervention is one of the most effective ways of improving pupils' progress.	1, 3

<p>To provide speech and language intervention for pupil premium children identified.</p>	<p>The EEF states that “Overall, studies of communication and language approaches consistently show positive benefits for young children’s learning, including their spoken language skills, their expressive vocabulary and their early reading skills. On average, children who are involved in communication and language approaches make approximately six months’ additional progress over the course of a year. All children appear to benefit from such approaches, but some studies show slightly larger effects for children from disadvantaged backgrounds”.</p>	<p>1,2,3</p>
<p>Use of the school’s Emotional Literacy Support Assistant and Pastoral Teacher to deliver interventions with those children in need of social, emotional and behaviour support.</p>	<p>It has been found that programmes that focus on enhancing emotional literacy improve academic performance and behaviour (Carnwell &amp; Baker, 2007).</p>	<p>2</p>
<p>Forest School leaders are to run sessions for Pupil Premium children identified as having social and emotional issues.</p>	<p>Research into the effectiveness of Forest School stated, “Children who may view themselves as failures in the classroom can discover new abilities and strengths at Forest School.” Therefore, by running Forest Schools we can empower children, develop their confidence and belief in themselves.</p>	<p>2</p>

### **Wider strategies (for example, related to attendance, behaviour, wellbeing)**

Budgeted cost: £ £12,066

<b>Activity</b>	<b>Evidence that supports this approach</b>	<b>Challenge number(s) addressed</b>
-----------------	---	--------------------------------------

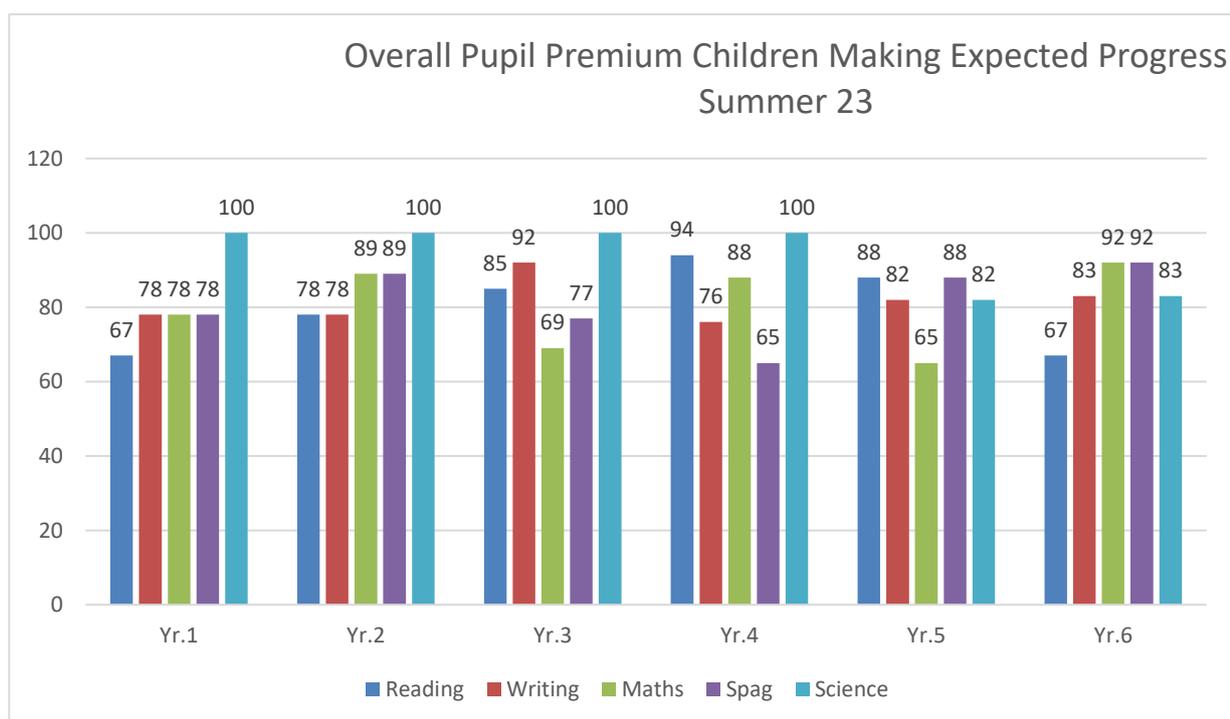

<p>To subsidise the cost of trips for Pupil Premium children.</p>	<p>Trips are proven to enrich the curriculum, engaging pupil's in their learning, therefore subsidies allow our disadvantaged children to take full part in all activities -visits, visitors, special events, day trips, first aid training and residential.</p>	<p>1,2,3</p>
<p>To offer every Pupil Premium child with opportunity to learn a musical instrument. <i>Whole year groups (4 and 5) will receive and experience music lessons, delivered by a peripatetic music teacher.</i></p>	<p>Pupil Premium children have the opportunity to play a musical instrument - academic studies of Opera North's instrument teaching programmes in the most deprived Leeds schools show an outstanding impact on attainment for those pupils involved.</p>	<p>1,2,3</p>
<p>To offer all pupil premium children free morning snack.</p>	<p>Free school meal evidence suggests that healthy food and snacks provided by school boosts attainment and improves diet quality contributing to the overall wellbeing of the individual.</p>	<p>1,2,3</p>

**Total budgeted cost: £ 120,657**

## Part B: Review of the previous academic year

### Outcomes for disadvantaged pupils

Academic year 2022-2023 marked the second year of our three-year strategy to improve the outcomes of our disadvantaged pupils. A detailed assessment of whether the strategy has had the desired impact on the attainment of our PP pupils will take place at the end of the three-year programme. Some initiatives set out in the previous statement have remained the same whereas others have evolved and are entering a different phase of implementation following review by senior leaders and are to reflect priorities in the School Development Programme.

#### Overall Pupil Premium chn making expected progress

	Yr.1	Yr.2	Yr.3	Yr.4	Yr.5	Yr.6
Reading	67	78	85	94	88	67
Writing	78	78	92	76	82	83
Maths	78	89	69	88	65	92
Spag	78	89	77	65	88	92
Science	100	100	100	100	82	83

The above data shows that in the summer of 2023, pupil premium children achieving in reading, writing, SPaG (spelling, punctuation, and grammar), and Maths with some exceptions and no particular trends. Good attainment was achieved in science by our pupil premium children. Lower attainment identified in Y1 Reading, Y3 Maths, Y4 SPaG, Y5 Maths. Cohorts and subject areas for focus are to be Y2 Reading, Y4 Maths, Y5 SPaG, Y6 Maths as the children have advanced another year in school. Attainment is very cohort dependent, and the aim needs to be on providing support tailored to an individual's needs. N.B. 1 child = 1.2%

Close monitoring of these pupils' progress takes place termly to assess whether they are on track to meet individual targets and year group expectations. Appropriate provision is discussed, and intervention put into place to support the pupils in making progress. A number of whole school initiatives designed to strengthen knowledge, skills and understanding of all children including our most disadvantaged have been implemented to improve areas of English and Maths and are reflected in our School Development Programme.

<b>Activity</b>	<b>Review of approach</b>	<b>Challenge number(s) addressed</b>
<p>To ensure additional ETAs in class are having maximum impact on pupil's attainment through in house training of both teachers and ETAs on how ETAs can be effectively deployed to support teachers in delivering quality first teaching.</p> <p>Teachers and ETAs are given meeting time to discuss learning intentions, key vocabulary and understanding in the form of deployment meetings.</p>	<p>Weekly deployment meetings are timetabled and held to ensure that ETAs have a clear understanding of the learning to take place that week. Conversations relating to the methods of teaching, key questions to be asked and vocabulary to used are had to ensure that ETAs know how best to support the children.</p> <p>The EEF scaffolding model was shared with ETAs to demonstrate how to interact with children to help accelerate learning but also encourage greater independence.</p> <p>Deployment meetings and the EEF's ETA – pupil interaction scaffolding model are in the embed phase and will continue to be monitored through observation, staff and pupil voice.</p> <p>Staff have commented that the deployment meetings help them understand what is happening in lessons for that week and that the open discussion about how something is to be taught (methods of working particularly in Maths) really helpful.</p>	<p>1</p>

<p><i>Teacher/ETA training to include retrieval and metacognition to ensure pupil progress.</i></p>	<p>Teachers and ETAs have received training on retrieval and its importance in learning. All lessons now begin with a connect (retrieval activity) and a consolidate task at the end. Subject leaders are now in this current academic year, planning for retrieval in their own subject areas to ensure that the opportunity for retrieval is planned, progressive bringing about greater achievement.</p> <p>Observation, staff and pupil voice have confirmed that this has been implemented and is being embedded for the current academic year.</p>	<p>1</p>
<p>The employment of an Emotional Literacy Support Assistant.</p>	<p>During the last academic year our ELSA has worked with 40 children of which 22.5% were pp. Of those children that have completed a programme with our ELSA all scored higher in the eight areas of social and emotional development compared to their starting points.</p> <p>Review of one pupil concluded that they could now show understanding in emotional literacy and recognises what will help them when they have 'big' emotions.</p>	<p>2</p>
<p>Emotion training for staff in school, to ensure understanding of children that have experienced early trauma and to acquire strategies to support them.</p>	<p>As a school we have adopted Zones of Regulation. However, INSET regarding this area is intended to be planned in the coming academic year.</p>	<p>2</p>

### Targeted academic support

Activity	Review of approach	Challenge number(s) addressed
----------	--------------------	-------------------------------

<p>ETA's and teaching staff are to run targeted interventions (evidenced backed) when data suggests that children are not on track to meet expectations or are not fulfilling full potential. This also includes requirements to meet needs of SEND.</p>	<p>The area of intervention is currently under review and is in the explore phase. Members of the Senior Leadership Team have attended training regarding effective intervention and will share findings with teaching staff initially. An implementation plan has been drafted and a proposal for the trialling of an intervention, linked to one of the school's priorities, has been made.</p> <p>Intervention types are to be clearly defined with staff and the understanding of the impact immediate intervention in the classroom has on progress is to be shared.</p> <p>Where interventions in addition to classroom-based learning are to take place, it is proposed that these are to be evidence backed or planned in detail and run by employees that have received appropriate training.</p>	<p>1, 3</p>
<p>To provide speech and language intervention for pupil premium children identified.</p>	<p>The SENDCO team have worked collaboratively with class teachers to identify children in need of speech and language intervention. 15% of our current cohort of PP have been observed and assessed by Speech and Language specialists.</p>	<p>1,2,3</p>
<p>Use of the school's Emotional Literacy Support Assistant and Pastoral Teacher to deliver interventions with those children in need of social, emotional and behaviour support.</p>	<p>See previous reference to ELSA.</p>	<p>2</p>
<p>Forest School leaders are to run sessions for children (including those identified eligible for PP) identified as</p>	<p>Forest school continues to run for children and provides opportunity to explore and learn in an outdoor environment. Comments from parents include: "Forest school has</p>	<p>2</p>

<p>having social and emotional issues.</p>	<p>been a wonderful experience, my son didn't stop talking about it on the days he had it, he loved the activities outdoors and most of all playing at one with nature."</p> <p>"My daughter has really enjoyed her time at Forest school. Her favourite part was the mud kitchen. She looks to have had fun in all the pictures in her journey book and I think it is a fantastic opportunity you give the children to learn in a different environment."</p>	
--	--	--

## Wider strategies

Activity	Review of approach	Challenge number(s) addressed
<p>To subsidise the cost of trips for Pupil Premium children.</p>	<p>These will continue to be subsidised as we recognise that our children eligible for PP need opportunity and experience to continue to thrive.</p>	<p>1,2,3</p>
<p>To offer every Pupil Premium child with opportunity to learn a musical instrument. <i>Whole year groups (4 and 5) will receive and experience music lessons, delivered by a peripatetic music teacher.</i></p>	<p>With use of funding the school has been able to provide the opportunity for children to learn a musical instrument and some individuals have received one to one or small group instruction, giving them the opportunity to experience the learning of music from a specialist. This will also continue into the next academic year.</p>	<p>1,2,3</p>
<p>To offer all pupil premium children free morning snack.</p>	<p>Some children eligible for PP have take the opportunity to have snack and or milk, an initiative that is to continue into 2024.</p>	<p>1,2,3</p>
<p>To continue to provide an online platform through which parents can access information</p>	<p>As a school it has been decided that other means of communicating and engaging with parents are to be employed. These include- coffee mornings, reading mornings, parent</p>	<p>5</p>

and engage with their children's learning.	information workshops and much more. The online platform is no longer going to be funded.	
--	---	--
